

Wildcats Booster Club Meeting 10/22/18 minutes

- Opened with introductions.
- President reported on meeting with Ken Pasco, who will be doing the booster club's taxes. Peter Boorman will be setting us up as an incorporated organization before Ken will work on our taxes and file us as a nonprofit.
- The board discussed number of players (per town and overall) and CIAC's rules and regulations in regards to said numbers. The board also discussed how those numbers will potentially affect the budget.
- Treasurer report was given and the budget was reviewed. There are changes this year, with some of them being upped ice time fees and locker room fees, but eliminated line items as well, such as JV ice time.
- The board touched on the idea of an alumni game. Coach King will decide on whether there will be one this year.
- The jamboree will be hosted by Enfield this year due to last year's being cancelled.
- Fundraising ideas were discussed. Poinsettia sales will be the first one. Julie will get those forms together and out to players and parents soon.
- Season starts on November 26th.
